

Title of the presentation

Author

Date and place of presentation

Title of first page

The first page

- first line in an itemized list
- second line in an itemized list

Title of second page*

The second page with a nested, “vertically compressed” list

- first line in an itemized list
- second line in an itemized list
 1. first line of numbered list
 2. second line of numbered list
- final line in itemized list[†]

For footnotes, the `footmisc` package, at least with the options `perpage` and `symbol` is recommended.

* footnotes are often not a good idea for a presentation reasons to insert a second comment on the same page

[†] ... so there should be good

A final page for freely arranged text and graphics*

* References to scientific publications may be added as footnotes
